## Hopes & Dreams

Most (not all) of these tabs are based on the actual notes that the creator of Undertale, Toby Fox, used in his music composition. The song "Hopes & Dreams" is originally in the key of Bb, so you will need a Bb harmonica to play this if you wish to play in the same key as the song. You can still play it in any key but the notes won't sound the same as the one in the audio.

Skills required: single note playing, bending for only hole draw # 6,  
& blow bending on hole # 10
