Golden Brown (Tabbed after midifile)

Great Stranglers masterpiece, great against frowns (at least that's what I heard). I think this is the way it should be played on a diatonic, I tabbed it in high and low. The higher version is for those who have difficulties with the bends. Hope you enjoy it every time just like the last.

The glorious rest of the song:

Every time just like the last

On her ship tied to the mast

To distant lands

Takes both my hands

Never a frown with golden brown

Golden brown finer temptress

Through the ages she's heading west

From far away

Stays for a day

Never a frown with golden brown
